

COMMERCIAL MASTERMIND

Masterminder Success!

Two Deals Secured During Covid

At last Friday's first face-to-face Commercial Mastermind Session since lockdown, Mindy (Mindaugas Okunis) proudly celebrated his second commercial conversion deal. His first was a textbook shop and uppers conversion and his second (which he completed last Friday), is this sensational office to residential conversion in Horsham.

Mindy (pictured above with Ranjan), joined the Commercial Mastermind Programme in September 2020 during the height of lockdown.

The Programme is dedicated to helping you fast-track your results with Commercial Property using the commercial strategies we teach on the Commercial Course. This focused group of like-minded commercial property entrepreneurs benefit from up-close and personal learning from Ranjan, monthly full-day meetings, live training sessions from seasoned experts, Joint Venture opportunities and lots more.
